

What is a Community Visitor?

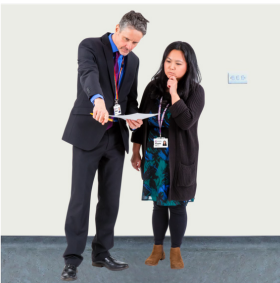

Community Visitors usually visit your home.

They check the home is clean and safe.

They check you are getting the help you need.

They talk to staff.

They ask questions.

They listen to you.

If you are worried, you can:

- call the Office of the Public Advocate on
1300 309 337

- send an email to
opa_advice@justice.vic.gov.au

You can tell us if you want a Community Visitor to call you.
